

NOTES:

1. Dimensions in inches/(millimeters).
2. Dimensions in table below as follows:
a = as supplied
b = after free recovery
3. Free recovery: unrestricted recovery after 15 minutes at 150°C.
4. Material properties as described in PPS - 3011/8 (RT 1508/2).
5. Coating: /144 (S1119) Adhesive, properties as described in PPS - 3012/19 (RT 1050/15).
Adhesive coating thickness: .005 (.13) minimum all sizes.
Legs fully coated (R dimension) on the 403A134 & 403A123.
Legs coated 1.4" min. as supplied on the 403A145.
6. Body coating location approximately as shown.

Modifications:

Part No.	Mod. Code	Modification
403AXXX-52-10/144	10	Legs coated only.
